### Offline Field Guide

**Note:** This PDF version of the Montana Field Guide is intended to assist in offline identification and field work. It is not intended to replace the online Field Guide, as that version contains more information and is updated daily. For the most up-to-date information on Montana species, please visit [FieldGuide.mt.gov](http://FieldGuide.mt.gov)

The Montana Field Guide is a collaborative effort between the Montana Natural Heritage Program and Montana Fish, Wildlife and Parks. The Montana Natural Heritage Program is a program of the Montana State Library's Natural Resource Information System. It is operated as a special program under the Office of the Vice President for Research and Creative Scholarship at the University of Montana, Missoula. The Montana Natural Heritage Program is part of NatureServe – a network of over 80 similar programs in states, provinces and nations throughout the Western Hemisphere, bringing to Montana the "big picture" information on the true status of species and habitats.
